

BB BOOTY BUILDER®

The original hip thrust machine

Also Available

PLATE LOADED
VERSION!

www.bootybuilder.com

Say goodbye to the hassle of setting up benches and free weights and wrapping yoga mats around bars, only to lose balance and having it all come crashing down.

Compact design – saves floor space.

Quick and easy use – saves time and allows more people to perform the exercise in less time.

Eliminates the need for gym member to occupy benches, barbells, plates and floor space.

Safety- prevents members injuring themselves or those around them by balancing barbells and weights doing the hip thrust exercise.

The Booty Builder® is a new and innovative machine which patented raised feet, cable design makes Hip-Thrusting easy and fun and builds a great set of glutes that will attract the admiration of everyone!
