POWERED BY **PO**

Synonymous with function and value, the beautifully proportioned Intenza 450 i2s Console is designed for training with purpose and clarity.

With a simple and intuitive clean, white LED backlit user interface, comprised of three buttons, Intenza's precision Uni—Dial™ puts exercisers front and centre to offer complete access to features at all times. Encased in laser etched aluminum, its anti—slip beveled sides deliver unrivalled functionality and control during workouts.

Uniting muscle with finesse, the 450 i2s gives you the familiar tactile feel of the Intenza experience through use of premium materials and detailing; but when your focus is pure training its aerodynamic functionality coupled with all—terrain programs offers unrivalled practicality.

Our customers appreciate the compact proportions of the original i Series Console so we have retained similar proportions, but streamlined the whole aesthetic to set the standard for tomorrow.
